PRO CASE FOR GALAXYS6®- GALAXYS6EDGE®

Description

The new Interphone Pro Case line of cases was developed to provide the highest resistance to water, snow, impacts and dirt on the motorcycle, as well as to offer an Italian design with an original concept featuring innovative, ergonomic lines.

WATERPROOF - The Pro Case SSCGALAXYS6 case resists rain, snow and other similar events. With SSCGALAXYS6, the Smartphone becomes IPX4 waterproof, so it can easily handle any kind of weather.

RECHARGES DURING USE - The Pro Case SSCGALAXYS6 case allows the Smartphone to be recharged while it's being used, even when it's raining.

SLIDELOCK CLOSURES - The Pro Case SSCGALAXYS6 case is equipped with lateral sliders (Slidelocks) that quickly position and lock the Smartphone inside the case. The operation is simple to do and secure, even while wearing gloves.

SHOOTING VIDEOS AND PHOTOS - You can shoot videos and photos even while riding.

FUNCTIONALITY - Home button/touch screen/camera display.

DIMENSIONS: 184x97x21 mm
